**1 Count Computer Aided Solicitation of a Minor**

**1 Count Indecent Behavior with Juveniles**

Sheriff Bobby J. Guidroz said, “ Over the past several weeks Investigators with the St. Landry Parish Sheriff’s Internet Crimes against Children Task force have been working a sting operation with the assistance of the Plaquemines Parish Sheriff’s office and the Tangipahoa Sheriff’s Office. On February 2, 2012 Sheriff Investigators collected enough evidence to arrest Gregory M. Stelly on the above charges”.

“This arrest serves as a reminder to parents to monitor closely what their children are exposed to on the internet. This includes not only online social networking sites like facebook, but also the electronic devices our children use, such as smart phones, online games, and computers,” Guidroz said.
